Holding Q&A Session with applicant schools

On June 18 and 22, we had online Q&A discussion with an applicant school that is going to submit their SCR by end of July 2020. Main topic of our discussion was about Chapter 5: Faculty. We discussed about definition about definition of terms of both "Participating Faculty Members" and "Supporting Faculty Members" as follows;

"Participating Faculty members"

Faculty members who belong to the School and engaged in an ongoing basis in the activities of the academic life of the School. Participating Faculty members should have responsibility not only teaching in their field, but also governance of the School, policy decision, advising, curriculum development, and research commitment in order to achieve the Mission Statement.

"Supporting Faculty members"

Supporting Faculty members who usually has responsibility for teaching activities only and they belong to other department of your university, other university, and any other business.

When you have any questions raised in the process of writing Self-Check/Self-Evaluation Report, please feel free to contact ABEST21 at any time.

We are glad to have an online discussion with your school.
