Cherry blossom season in Tokyo is expected to peak from late March to early April. According to the latest forecast by the Japan Meteorological Corporation on February 29, 2024, it is expected to start blooming on March 21, 2024 in Tokyo.

Thank you for your continued support, and we look forward to welcoming you in Tokyo with beautiful cherry blossoms.

When you have any further inquiries, please do not hesitate to contact us.

Sincerely,

ABEST21 International Global Knowledge Network Unit
